**Description of Work To Be Performed**

The following is the current schedule of activities and anticipated completion dates. Any circumstances that may alter the dates further should be discussed with the OSC.

- Maintain functionality and cleanliness of a personnel decontamination area.
- Obtain internet access services. Utilize equipment for wireless communication.
- Provide potable water service for the office.
- Provide for structural engineer for the steel structure.
- Provide adequate supplied air for all workers.
- Open the remaining containers that have not been previously opened.
- Collect HazCat aliquots for field analysis.
- Perform hazardous characteristics (HazCat) of material collected in the field.
- Provide security guards for off-hours, including weekends and holidays.
- Stabilize containers that are leaking and prepare for container integrity to fluctuate as they are moved.
- Provide appropriate fire suppression mechanisms for working with unknown contents.
- Maintain a Site Specific Health and Safety Plan for actions that Kemron personnel will be delegated to perform. Update this Plan as operations change and on an as-needed basis. Provide H&S daily briefings.
- Provide documentation indicating the outcome of HazCat of materials.
- Maintain berms and other engineering controls that will prevent migration of materials should a catastrophic release occur.
- Maintain the operable conditions of Jacob Harris Lane.
- Install office space and coordinate with locals to install shore power.
- Provide for waste management of on-Site operations.
- Maintain the integrity of the hot/warm/cold zones.
- Manage personnel during Level B operations to ensure appropriate PPE is used and Site protocols are followed to safely enter the hot zone, open containers, evaluate them, and generate appropriate documentation on finding.

Continue to provide OSC with 1900-55's, offsite hour reports, and daily activity reports. **Draft 1900-55s shall be delayed no more than 2 weeks of services.**

Follow Region 2 Green policies to include recycling of paper waste. Follow recommendations outlined in Region 2 *Clean and Green* Policy. This includes authorization for additional electrical charges which are supplemented by alternative energy sources.

Ensure the Health and Safety of all Kemron personnel on-site.

**I certify that the above work is ordered and authorized in the performance of the above cited Task Order.**
